

## **Permission for Initial Treatment of a Minor without a Parent Present**

Dermatology Care of Charlotte recommends a parent or guardian is present with a minor patient, under the age of 18, for their first visit with a provider. However, as their parent or guardian, you can grant permission to Dermatology Care of Charlotte to see the minor patient without your presence for their first visit. This authorization is valid until revoked in writing. No procedures will be performed on this minor patient without explaining risks, benefits, side effects and obtaining verbal consent from the parent or guardian first.
